Dear Linc:

The Intelligence Community Staff and the Central Intelligence Agency are co-hosting a two-day seminar on intelligence and the 98th Congress, 14-15 December 1982 [redacted]

25X1

Our objective is to bring together Community legislative liaison officers, senior officials who are called upon to testify, and significant committee staffers to discuss the upcoming session of Congress and how we can work together to present the Community's programs in the most effective way possible.

The enclosed tentative agenda suggests subject matter to be addressed, including recommended participants.

We extend our invitation to you to participate on a panel of witnesses who have appeared before Congressional committees in support of the NFIP. We ask that as a panelist you describe your experiences as a witness, discuss your particular style in appearing before Congressional Committees, how you prepare to testify, and highlight the strengths and weaknesses of support received from legislative liaison staffs in the past with criticisms where appropriate and suggestions for improvement. Please let us know of your availability as soon as possible by phoning [redacted] of the Intelligence Community Staff [redacted]
